The Curriculum Implementation Process

1. **Purchase of supplies and materials (spring of year prior to scheduled implementation)**
2. **Staff development and inservice**
   - 2.1. Determine needs of staff based on content area
   - 2.2. Design and implement a related staff development program for existing staff and subsequent new hires
3. **Implementation/use of curriculum by classroom teachers**
4. **Staff support activities (2-3 months into school year)**
5. **Monitoring and revisions (spring of implementation year)**
   - 5.1. Survey staff and examine student learning documentation
   - 5.2. Reconvene original committee to obtain anecdotal reports
   - 5.3. Committee review and evaluation of program (are some revisions necessary)
6. **Student Assessment Development**
   - 6.1. Committee Formation: willing original committee members plus some grade level staff
   - 6.2. Assessment construction
   - 6.3. Training Module
   - 6.4. Implementation
