

Building Character

The staff and faculty at Midway School are committed to helping our students achieve academic excellence. We believe and research demonstrates that the development of a child's social and emotional skills improves academic performance and prevents problem behavior. Thus, we strive to work together to help students reach their greatest potential through our school wide character education program.

Throughout the school year our students are introduced to value words that emphasize good character and school citizenship. A value word is introduced to students at the beginning of each month. As a school, we discuss the meaning of the word, identify behaviors that depict the value word and recognize students when they exhibit such behavior.

As a parent, you play an important role in your child's attitude and behavior in school. We encourage you to support us in our efforts to build good character by discussing the value words at home with your child.

The following value words will be introduced throughout the school year:

September- COOPERATION

October- RESPECT

November- KINDNESS

December- GENEROSITY

January- RESPONSIBIITY

February- HONESTY

March- MANNERS

April- FRIENDSHIP

May- PATIENCE
